Crane on RBDN

Crane from across the Inlet

### **Crane Used to Remove Large Dead Tree**

As you know, a crane had to be brought into Sandy Point on January 4th to remove a large tree near the inlet. The tree was a hazard, and we are thankful that it was safely removed. Thank you for your patience, as the crane blocked River Bay Drive North for most of the day. We regret the inconvenience that was caused to our residents and appreciate your cooperation.

### **Let's Keep Sandy Point Safe**

Many neighbors are wintering in warmer climates or are staying inside during frigid temperatures. Let's look out for our neighbors and their property. Unfortunate things can occur, such as slip and falls, burst pipes, and front porch delivery thefts. You may want to check in on neighbors periodically and keep a watchful eye while driving in and out of Sandy Point. Let's watch out for one another and keep Sandy Point a safe neighborhood.

## Outgoing Mail

If you put mail in your mailbox for the postal service to pick up, you do not need to raise the red flag on your mailbox. Our mail carrier Patricia, checks each mailbox for outgoing mail. Raising the red flag may signal to thieves that there is a check or other important document in your box. In the past, unfortunately, residents have had mail containing checks stolen.

## Christmas Lights and Outdoor Decorations

If you have not already removed your Christmas lights and decorations please remove as soon as possible.

Thank you to the many Sandy Point residents who make this such a special community in which to live. Your many kindnesses make it a joy to live here. On a recent snowy morning someone, a young woman,

shoveled my drive and sidewalk. It was a loving, and much appreciated gesture that will be remembered.

This is one of many gestures that make us a caring community.
